Eligibility: Inter (10+2) pass with min. 60% marks in Science group (Bi.P.C)

Belarus is located in the center of Eastern Europe connecting Western Europe and Asia. It shares borders with Poland, Ukraine, Lithuania, Latvia & Russia. Belarus has been a preferred place for medical education by Indian students due to its very high standards and recognition of MCI. Belarus was a signatory of Bologna convention and implements European system of education (Erasmus+, Tempus IV...). Belarus medical degrees are recognised by GMC of UK, FAIMER of US, AMC of Australia, MCC of Canada and worldwide.

Belarus has the Best Credentials

- ▶ Doctor - Patient Ratio 1:220 Rating ★★★★★ 5.0
(Topmost in the world, US 1:390, UK 1:440)

(Among 187 Countries - India 130th Rank)
- ▶ Safety Index: 72.43 (Highest Safety Grade) ★★★★★ 5.0
- ▶ Crime Index: 27.57 (among the lowest) ★★★★★ 4.9

"Representatives of Indian diaspora in Belarus, including our students, feel at home in Belarus. It is because of the friendly people of Belarus."

"Belarus is popular with Indian students. We must encourage linkages in the education sector as an investment in capacity-building for future generations."

-Hon'ble Pranab Mukherjee, President of India, during his visit to Belarus in June, 2015.

Embassy of India
Minsk, Belarus

Advisory Note: In Belarus a stable political and law & order situation exists. The prevailing conditions are sufficiently conducive to educational courses for foreign students. The security and safety of the Indian students are generally good. There is no information of any racist attack on any Indian citizen in Belarus. Till date no untoward incident has come to the notice of the Embassy. As a law-abiding denizen, there will be no problem.

"Why Belarus? Two words – SMART PEOPLE. Belarus has a reputation of a country with a high scientific potential"

89% (In top 5 of Europe attracting foreign students)	Among Top 16 nations (women's HDI exceeds that of men's)	Globally valid Degrees - IMED, WDOMS, WHO Listed

GOMEL STATE MEDICAL UNIVERSITY

ABOUT GOMEL

Gomel is one of the oldest cities in the Republic of Belarus. It is situated in the south-east of the Republic and rates second in population. The region has numerous lakes, extensive canal systems and parks bringing serenity and natural beauty.

Gomel region has a good road infrastructure with major international motorways, and an extensive rail network; there are airports at Gomel and Mozyr. The region is a large industrial, scientific and cultural centre. It is also one of the biggest educational centers in Belarus having 5 universities, 13 professional schools, two academic research institutions and nine technical special schools.

INTRODUCTION

Gomel State Medical University was founded in 1990.

There are 36 departments and a central research laboratory with highly-qualified professors, senior lecturers, assistants. The library has rich volumes of books, 3 reading halls, and also access to internet.

The university has tie-up with medical universities of Scotland and Nagasaki (Japan).

For the years of its existence, the University has prepared more than 2000 doctors. At present, more than 500 foreign citizens from 25 countries are studying medicine at the university.

CLINICAL BASE

The clinical base of the University is one of the best in Belarus, where the advanced medical technologies on diagnostic and treatment of endocrinology, cardiologic, immunology, hematology, ophthalmologic, oncologic and other diseases are applied.

During the clinical course the students can participate in the whole range of diagnostic and treatment procedures at the teaching hospitals. They take part in teaching rounds, examination of patients, clinical demonstrations, taking case history, case conferences. There are 18 large clinics equipped in modern way.

AMENITIES

Foreign students are provided with comfortable student's hostels with well organized services: laundry, kitchen, cafeteria, and student cafe, post office, Internet, sports club near the students' hostel.
