

“LMU - INDIAN PARENTS ASSOCIATION”

Sub:- AN APPEAL TO ALL THE INDIAN STUDENTS OF LMU, CHINA.

15th November, 2014

Dear Children,

We feel happy to inform you that the parents of Indian students have together formed “LMU-Indian Parents Association” and registered it with Hyderabad address.

As your loving parents, we take pride in telling everyone that our child is studying MBBS in China. We are sure you too felt the same in your friends circle, relatives, neighbors..., whenever you come to home country to spend holidays. We feel, all the parents sent their children with **TRUST** on them and gave the **FREEDOM** to achieve a career and reach their **GOALS**, though facing lot of financial problems. Don't you feel you have the responsibility to keep up our TRUST in you and preserve such FREEDOM given to you with proper respect and sanctity?

We are disturbed on hearing of certain untoward incidents that occurred knowingly or unknowingly. Among those, the following are few:-

- *One student riding a motorbike unauthorized had hit and injured a Chinese person and **REMANDED** for punishment.*
- *A few students faced **THEFT CHARGE** of certain fruits/vegetables, which put to shame all of the parents.*
- *Certain senior students are indulging in **RAGGING**.*
- ***LATE NIGHT PARTIES** with heavy expenditure outside university premises.*
- *Students of **OPPOSITE GENDER** allowing in their hostel rooms.*

An appeal is made to you all that these kind of incidents not only damage your personal image in your friends circle, relatives, neighbors etc., but affects our entire parents' image & also damages the overall image of entire community of Indian students in China. It may in turn lead to so many unforeseen complications both in India and in China, disturbing the peaceful family lives of all of us.

We know you are all from diverse regions such as AP, Telangana, Tamilnadu, Kerala, Assam, Bihar, Bengal, Rajasthan etc., but do remember all you are INDIANS!

We would like you to know if anything happens to any one child, as parents all of us suffer a lot, just that the difference may vary in percentage of feelings. That particular child parents may suffer 100% and others may 10%.

Hence, we request all you people to understand that, with so many efforts made by us and with great difficulty we send you to study a prestigious professional course in the world's largest economy country to reach all your/our GOALS.

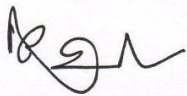

All you people have lot of knowledge and are capable in many ways. We appreciate you for that. We suggest each and every one of you to please follow certain self discipline steps to reach your goal. If you have any troubles to share, please feel free to contact us on our common e-mail Id, which all the members can access.

As a parent it is our moral responsibility to see our child's growth in a good manner. Hence, we wish that all of you can maintain the effervescence for all times to come and fulfill the great expectations we have on you. We also wish BEST OF LUCK IN YOUR STUDIES.

Our Association official e-mail id is "lmupc.ma@gmail.com".

On behalf of all the parents,

LMU-INDIAN PARENTS ASSOCIATION.

R. BHASKARA RAO
President

C. V. SURENDRA
Vice President

S. NARENDER
Secretary

Mrs. V. PRIYA
Joint Secretary
