Education Standards of medical universities in Belarus:

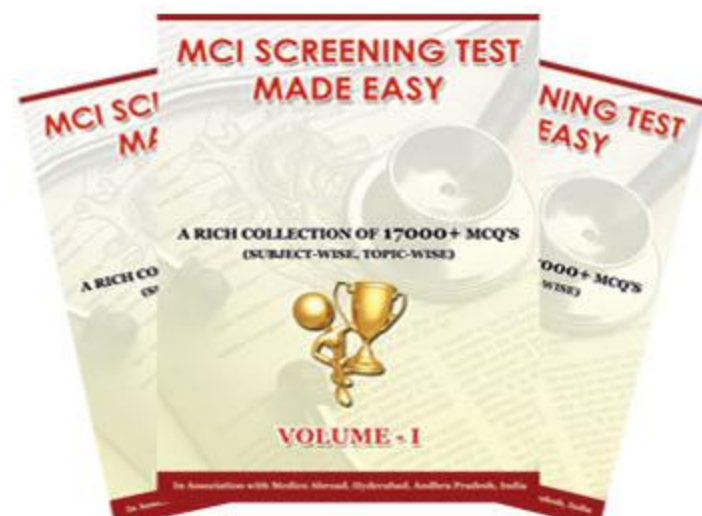

The medical universities of Belarus have **rich experience of 6 decades** in providing medical education to foreign students and are **specialized in offering English medium MD (General Medicine)** course since the year 2003. Being Government universities, they are fully funded by the state and have ultra-modern equipment, advanced labs and super specialty hospitals assuring the best standards of education. The **teacher ratio at 1:10**, strict monitoring from Ministry of Health on curriculum and clinical hours, the secure hostels under direct supervision of government boosts the confidence of parents. Besides, the **validity of medical degrees in all European countries** holds bright prospects for PG studies or job in Europe.
